

Land and Water Use Sector Working Group
Meeting #2
October 18, 2022
CMC's Eagle Nest Meeting Room - 1275 Crawford Ave

AGENDA

1. Call to order and Roll Call
2. Welcome and Introductions
3. Follow up on Working Group requests from previous meeting
 - Request to add additional representatives to the working group

Board approved this request. Left it to the discretion of the working group with caution that we not become too large.

Possible additions discussed - Brandon Vogtle or Bruce Sillitoe (BLM); Jared Smith (State Land Board); Kristen Rockford (Routt Conservation District)
4. Discuss approaches to counting emission reductions and measure outcomes. How to track co-benefits of investments in natural climate solutions that increase resilience.
5. Discuss and document existing initiatives according to CAP Land and Water Use Strategies and Actions (60 min) See Note in e-mail accompanying this agenda.
 - a. Identify existing policies, programs, and initiatives that contribute to outcomes (Build off tactics identified in CAP).
 - b. Identify additional outreach, if needed, to document existing initiatives from stakeholders not represented on the Working Group
5. Next meeting and proposed agenda:

Second Wednesday of the month is November 9th – Same time (2-3:30pm)?
